

## CUSTOM ALL-WOOD UNITS

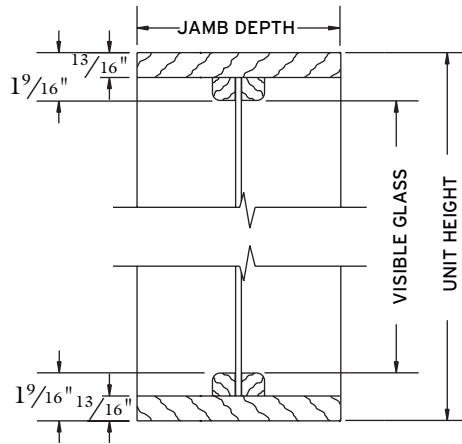

New Morning's all-wood windows are available for both exterior and interior applications and can be manufactured in virtually any shape and size. Exterior (only) finishing options include unfinished, factory primed or a Sherwin Williams® Duration painted finish in many standard and custom colors. Both direct set and sash set constructed units are available, along with center-set glazing for interior applications. From basic transom units to elaborate interior wall systems, we are your source for custom all-wood window units.

### Product Options

- Standard colors
- Custom colors
- Insulated and single pane glass
- Assortment of wood types
- Wood removable or applied interior grilles
- Aluminum applied exterior grilles
- Authentic divided-lite
- Simulated divided-lite
- AGBG (aluminum grille between the glass)
- More than 20 casing/trim profiles

**NOTES** Minimum outside frame radius for an all-wood unit is 7".

We have the capability to vary jamb depths (from one section of the window frame to another) to make direct mulling and installation easier for the builder.

Wood exterior applied grilles are available but are not covered under our product warranty. The customer must sign a product performance waiver before we manufacture this product.

A combination of window units joined together at the job site may require horizontal or vertical reinforcement. A professional engineer should create the specifications for this reinforcement.

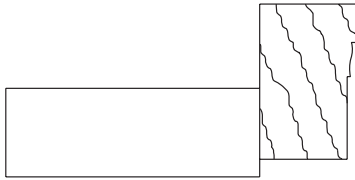

Interior Prefinish Available - White only
